The Community Empowerment Workshop (CEW) offers an introduction to effectively ministering to and supporting individuals experiencing homelessness and poverty with greater understanding and confidence.

It is designed to equip volunteers with the knowledge and skills to build meaningful relationships and provide compassionate, peer-based support to those currently facing or recovering from homelessness and poverty.

We'll tackle subjects like: inherited assets, poverty culture, the dreaded drama triangle, unspoken rules, and "Who's role is it anyway."

After this workshop, those attending will be better prepared to be able to sit down and have coffee with anyone at the Mission and support them in a healthy and productive way. We invite you to join us for lunch in our Dining Hall immediately after the workshop.
